

West Oxford to Harcourt

Cycling route

Hazel Rothera

**BROOKES
ACTIVE**

Starting at West Oxford Primary School, this route almost entirely avoids main roads, instead using the Willow Walk path and an underpass under the A34. Harcourt Hill has steep sections, but there is pavement all the way up on the left so it is possible to stop at any point and walk the rest of the way. At school pick-up and drop-off times be aware of primary age children on foot, scooters and bikes outside North Hinksey Primary School and along Willow Walk.

During periods of heavy winter flooding the eastern end of Willow Walk does occasionally end up a few inches underwater! If this is the case the Environment Agency usually put signs at both ends of the walk.
